Date: 17/07/2023

Public Notification

The Department of Forests and Park Services would like to notify all concerned individuals/groups; that for facilitating export and also for providing necessary technical support in relation to Agarwood plantation, inoculation, and extraction of agar resin, we would like to request all to come forward to register and certify your plantation as "private agar plantations" with the nearest forest office in your area.

This certification is purely meant for providing all necessary technical support and to facilitate your agar for exporting since it requires international CITES (Convention on International Trade of Endangered Flora and Fauna) certification and permit.

Sincerely,

Sonam Wangdi
(Officiating Director)
