

DIRECTOR

DoFPS/FRPMD/NWFP/2026-2027/109

23rd July 2026

NOTIFICATION.

This is to inform the public and the registered exporters that the Cordyceps export was regulated and facilitated by the Bhutan Food and Drug Authority (BFDA) till now, in line with the Inspection and Certification Guideline for *Ophiocordyceps sinensis* 2019 and other relevant laws of the country.

However, with the enactment of the Forest and Nature Conservation Act 2023 and as per the Forest and Nature Conservation Rules and Regulations, 2023 (Amendment 2025), the Department of Forest and Park Services is mandated to facilitate the export of wild flora and fauna.

Following this, the Department of Forest and Park Services has taken over the mandate to facilitate the export of cordyceps from BFDA. Therefore, all relevant agencies are hereby requested to take note of this change. Furthermore, all are requested to consider any export permit generated through the Online Forestry Service (sample attached), as it has been issued after due verification of the consignment by the concerned forestry staff.

Should you require any clarification regarding the permit, kindly contact the nearest forest office.
