"Managing Bhutan's Natural Heritage"

DoFPS/NCD/Adm-03/2021-22/ 0435

14th April 2022

The Chief Forestry Officer(s),
All Protected Areas, Forest Divisions and Functional Divisions,
Specialist Head, UWICER,
Head, Bhutan Tiger Centre,
Department of Forests and Park Services.

Subject: Sharing of Technical Documents on Delineation of Waters for Enforcement of Revised Fishing Regulations (FNCRR (Amendment) 2022.

Dear colleagues,

As required under section 272 of the Forests and Nature Conservation Rules and Regulations (Amendment) 2022, the department has delineated the water system of the country into Mahseer water and Trout water, and further, the Mahseer water is delineated into High-end Recreational Fishing Sites with different zones and Normal Fishing Sites. These delineations, which were carried out at the respective divisional jurisdiction level and compiled at the national scale has been endorsed by the Technical Advisory Committee during its 43rd meeting held on 6th April 2022. The two technical documents are prepared for effective enforcement of the revised provisions on fishing in the FNCRR and it can also be downloaded from the department's website at www.dofps.gov.bt

Thank you,
With best regards,

(Lobzang Dorji)
Director
